Uttar Pradesh India

We hereby certify that finished textile dyed/printed using below listed products manufactured & marketed by Colourtex Industries Pvt. Ltd. comply with OekoTex Standard 100 norms (Edition 01, 2022, Gr. II # IV), if used as per our recommendations.

Besides dyestuffs, the eco-profiles of finished textiles depend upon other variables like substrate, pre and post treatment chemicals, finishing agents and also on the process based in the processing of textiles.

Due to limitation of the present analytical test methods for identification of banned amines, textile articles dyed using some of the dyes may show false positive results for PCA/PPD/4amino biphenyl though neither PCA/PPD nor 4amino biphenyl are used in the synthesis of dyes.

The information is based on our general experience and tests on samples of typical manufacture. It does not absolve the user from making their own tests and controls to ensure that the finished textile article conforms to the requirements of the OekoTex Standard 100.

Product Code	Product Name	Product Code	Product Name
T039900117	CORALENE BLACK RLS 200%	T034290116	CORALENE BRILL. RED RGL
